

7th Weekly Report

Report Date: 02/24/2023

To: include all managers
(e.g., ematson@purdue.edu, ahsmith@purdue.edu, lhiday@purdue.edu and lee3450@purdue.edu)

From: GO duck

- Gwangyeok Kim (205334@jnu.ac.kr)
- Keonwoo Lim (kwlim1120ss@kyonggi.ac.kr)
- Sujee Noh (204654@jnu.ac.kr)
- Younguk Maeng (aod8948@soongsil.ac.kr)

1 Summary

- Received feedback for the paper
- Conducted testing on a farm
- Gave the final presentation on Friday
- Been tidying up the team github page

2 What GO duck completed this week

- Conducted an experiment on a farmland to measure the furthest distance between two nodes at which point-to-point communication could be reliably maintained.
- Gave the final presentation showcasing the progress the team made over the the last two months, highlighting the key results and achievements.
- Throughout the week, the team has been working on the paper, reviewing literature, and analyzing the results.

3 Things to do by next week

- As the program comes to an end, it is time to go back home.

4 Problems or challenges

- This week has been quite frustrating as not all the members of the team were contributing equally towards the project.
